### **MEDIA RELEASE**

#### **Scam Phone Calls**

November 5, 2019  
3:15 P.M.

Over the past few days, the Warren County Sheriff's Office has received complaints in reference to receiving scam phone calls. These include fraudulent phone calls from the IRS and the Warren County Sheriff's Office requesting monetary funds by several different methods. The Sheriff's Office wants citizens to be aware that we do not call and request payment for warrants over the phone. Also, the IRS will not call and ask for gift cards to settle a tax debt. If anyone receives this type of call, please hang up and contact your local police agency.
