Victim/Witness Services

Provided by the Warren County Prosecutor's Office, the Victim/Witness Advocates provide services to victims of crime. These services include, but are not limited to: court advocacy, escort, and support during all stages of the criminal justice process; as well as notification and explanation of court proceedings. To contact one of these representatives, contact your local court or the Warren County Prosecutors Office.

Temporary Protection Orders/ Civil Protection Orders

In cases where Domestic Violence, Menacing by Stalking, or Assault charges are filed, a victim may request a Temporary Protection Order (TPO) be issued. This order can remain in effect while the case is going through the court. If you would like more information concerning these orders, contact the court handling your case. The purpose of the TPO is to order the defendant to leave you (the victim) alone while the criminal case is pending.

Under certain circumstances, it may be possible to obtain a Civil Protection Order (CPO). This order can remain in effect for several years. If you would like more information on this type of order, contact the Domestic Relations Court, Legal Aid, or SAFE on Main. The CPO prohibits the abuser from contacting you (the victim) and can, in some cases order child support, temporary custody, and temporary possession of residency.
